

# When the Engine Quits - that awful silence! Fly-in or Drive-in: Mid America Airport Terminal

A fly-in, aircraft display, and safety seminar all rolled up into the 1st Annual GAUA Spring Fly-In intended to show off the facilities of Mid-America Airport, boost public awareness of sport aviation, and provide a rewarding flying destination for Illinois and Missouri pilots via the provision of a WINGS safety seminar on a timely and much requested topic, emergency off field landings.

**Directions:** Exit off I-64 to the south on Ill Route 4, then first right (west) into Mid-America Airport.

## A message from the National FAASteam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
